## ELEVADOR SUPER LIFT

SUPER LIFT es el último modelo realizado de la serie LIFT. El regreso a la parte superior está regulado por un dispositivo hidráulico que funciona con un fluido estudiado específicamente y se aplica totalmente al taladrado "system 32" para armarios hechos en serie.

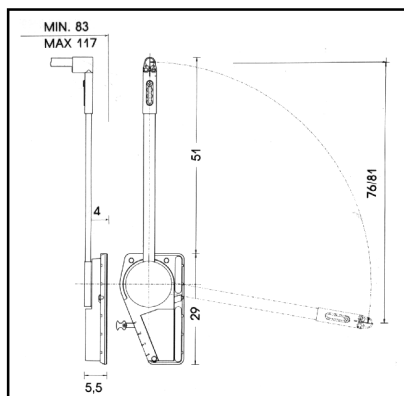

Con modernísimos diseños y completamente carenado. Está dotada de un dispositivo "variador de potencia" que se adapta a las diversas exigencias de levantamiento.

Está construido en resina poliamídica y acero barnizado "epoxy", dotado de todos los tornillos para ser fijado al armario.

Capacidad Kg. 12-18.
